***COLLECTION NOTE***

This collection contains information and documentation about the Community Scholars Program's workshops held in Harlan County, Jackson County, and Laurel County, Kentucky during the fall of 2009. The collection features projects conducted by participants of the various programs. Instructors in the free six-workshop series taught individuals how to collect and preserve local history, identify and document community traditions, and present these traditions to the public. Participants learned the basic skills needed to help communities explore and showcase local talent, folk traditions and history. The sessions were held every other week from 14 September to 23 November 2009. The Community Scholars Program is a partnership between the Kentucky Folklife Program, the Kentucky Historical Society, and the Kentucky Arts Council.

All photos are in digital format. Two folders in the collection are restricted due to the sensitive nature of their content.
